Home Guards Drill.

Last night the Home Guards drilled for an hour on East and West Market street. There were between 30 and 40 men in the company. They are fast learning the rudiments of drill work and last night's work demonstrated that with a few more drills the boys will be ready to go into camp and drill like veterans. Capt. Schenck is much pleased with the showing his men have made.

Handsome Deane.

The editor makes his best bow to the Tom Rice Jewelry Co. for a match safe that is truly a "thing of beauty" and a joy to the smoker who would fain keep his matches dry. Engraving and all it is, like all the handiwork of this live firm, handsomely done. Folks who remember the newspaper man—their hearts must be properly located.

Slow to Volunteer.

A gentleman who is well posted on military matters yesterday commented on the slowness with which the men are volunteering for the various companies. A considerable number of men from each company are turned down by the examining surgeon and difficulty is experienced in filling the vacancies. Men desiring to volunteer can probably secure admission to some of the companies by applying at the recruiting office here. While no reason has been given for this slowness it is probably due to the reluctance of green men to go to a warm climate.

Spaniards Celebrating.

Mobile, Ala., May 10—Gustavo de Cortesna, a prominent Cuban of this city, received the following letter from Havana yesterday, dated April 26: "The Spanish are celebrating the victory of the capture of four American ports, Mobile, Boston, Charleston and Pensacola."

"Blanco has given a very large banquet to the army and navy. The city is gaily decorated and thousands of people in processions. The city is wild with enthusiasm."

State Civil Service Examinations.

Washington, May 10—Civil service examinations will be held at Wilmington June 4th for postoffice clerk and carriers, in Asheville, June 4th, for storekeepers and gangers.

Applications for examination of the former must be filed in Wilmington by May 31st, and for the latter in Asheville, by May 28th.

POWERS AGAIN TAKE A HAND

Spain May Sue For Peace and Lose Cuba and Philippines.

SAMPSON ORDERED TO KEY WEST

Will Schley Bombard Havana?—Forts Fire on Blockaders—Expectation Landed in Cuba.

By Wire to THE TELEGRAM.

Washington, May 11—Representatives of the powers are in conference this morning seriously considering the proposition to compel Spain to sue for peace on the basis of relinquishing Cuba and guaranteeing to the United States an enormous indemnity. The proposition as now considered will give permission to Acting Admiral Dewey to hold the Philippines until all of the indemnity is paid. McKinley will be approached today with the view of unofficially ascertaining the views entertained by the administration in regard to such course.

SAMPSON ORDERED BACK.

Washington, May 11—It is reported on good authority that orders have been issued to Rear Admiral Sampson for his immediate return to Key West in order that his fleet may co-operate with army of invasion. The bombardment of Havana may precede the bombardment and capture of Porto Rico.

NEW SQUADRON FORMED.

Washington, May 11—The armed yachts, Rostless, Viking, Felicia and Aileen were delivered to the government this morning. These vessels will form the nucleus of a new coast patrol fleet the commander of which will be William H. Hemphill. He will have as his flagship the Buffalo, the dynamite cruiser Netheroy recently purchased from Brazil and now on its way north. It is said that when this squadron is formed Schley will be ordered to join in the bombardment of Havana while the troops attack by land.

EXPEDITION LANDED.

Key West, May 11—Word was received here this morning that the transport ship, Gussie, had landed an expedition under Captain Dorst, of the Fourth United States Cavalry, on the north coast of Cuba, about fifty miles from Havana. Seven thousand rifles and two hundred and fifty thousand rounds of ammunition were landed to be used in equipping the insurgents. These arms and ammunition were sent ashore after first landing two companies from the First Infantry.

OFF FOR MANILA.

Portland, Oregon, May 11—Four companies of volunteers leave here tonight for San Francisco under command of Lieut-Colonel Toryan. Several officers of high rank have received orders to hurry to San Francisco and from that port to embark for the Philippines.

ATTEMPT TO POISON TROOPS.

Atlanta, May 11—A second attempt was made this morning to poison an infantry camp located here. The drinking water at the camp had been dosed with arsenic.

ALLEN SWORN IN.

Washington, May 11—Charles H. Allen, of Massachusetts, who was named as Roosevelt's successor, was sworn in this morning as Assistant Secretary of the Navy.

FIFTY THOUSAND READY.

Washington, May 11—The Adjutant General this morning announces that 50,000 troops are ready for service. The volunteers from Montana were the first prepared.

ROUGH RIDERS RECRUITED.

San Antonio, May 11—Thirty-nine eastern club men and three hundred and forty cowboys joined Colonel Roosevelt's rough riders today.

A WARSHIP FROM THE WEST.

San Bernardino, May 11—The railroad men of California have started a fund to build a battleship for the government.

IMPROVED MARKSMANSHIP.

Key West, May 11—The Santa Clara batteries of the forts near Havana resumed their fire on the blockading squadron this morning. One of the shots struck within twenty yards of the fleet.

GAVE GUNNERS THE GUY.

New York, May 11—The steamship Schleswig arrived here today from the West Indies after a most exciting voyage. While it was off Hayti it was fired on by a Spanish warship and chased for several hours. Only the usual poor marksmanship of the Spaniards enabled the ship to escape. The shells all flew wild. At first the passengers were panic stricken but soon recovered themselves. Then they gathered aft and jeered the Spanish gunners.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C., May 11, '98.

The board of aldermen held their regular meeting Monday night, and restricted the bicycle law by putting them off Washington street sidewalk from the crossing of North Main street to the railroad crossing at the colored school and also the flat between the Asheville and main line at the depot. We are in favor of the board in restricting the law to all the sidewalks within the city limits. This law goes into effect May 15th. They elected Messrs. R. C. Charles, F. N. Tate, A. Sherrod and R. A. Wheeler as school commissioners. No better selection could have been made.

Peterson's Orchestra gave a splendid entertainment in the opera house last night to a select and appreciative audience. After the entertainment those who indulge in the Terpsichorean art remained for a short while to trip the light fantastic.

Don't forget Hillyer's Wonders at the opera house tonight and tomorrow night. It is strictly a moral show. Many valuable presents will be given away.

Messrs. Hal. M. Worth, W. P. Wood, and C. C. McAlister passed through the city yesterday enroute to their homes in Asheville.

Dr. H. C. Pitts went to Fayetteville yesterday to attend the dental association.

C. A. Grimes, of East Durham, was in the city yesterday.

Mrs. Mary E. Cartland went to Walnut Cove yesterday.

J. W. Collins, of Reidsville, was in the city today.

Mr. and Mrs. J. B. Havre left today for Charlotte where they will spend a day or two and then go to San Francisco.

Mrs. Laura Field, of Greensboro passed through this morning returning from a visit to Archdale.

Two Deserters.

Two members of the Goldsboro company deserted Monday. They were missed from camp yesterday morning and a search was immediately begun for them. Capt. Bain and the First Sergeant of the Goldsboro company left for Goldsboro on the morning train with the expectation of overhauling them there. In the afternoon one of the deserters was captured in the city. He was immediately arrested and taken to the camp, where he is now under guard. It is stated that the prisoner is in chains.

Both boys are United States soldiers, and desertion from the army in time of war is a very serious matter. A court martial will be required to inflict punishment upon them.

The penalty for desertion in time of war is death or such punishment as the court martial may direct. It requires a two-third vote of the court martial to convict.—Morning Post.

Odd Fellows Meet.

The Odd Fellows are here in large numbers and it is said the attendance is the largest ever known at a session of the Grand Lodge. The session began at 4 p. m., in Odd Fellows hall, J. P. Sawyer presiding as grand master; B. H. Woodel, as secretary, and R. J. Jones as treasurer. One of the events of the day was the arrival of the Deputy Grand Prince, Mr. Pinkerton, of Worcester, Mass., who tomorrow afternoon will lay the corner stone of the auditorium at the blind institution.

There are now 133 Odd Fellow lodges and 4,000 members of the order in this state.—Col. Old's correspondence.

It is expected Friday, May 13th, at the Southern railroad depot. All aboard for Raleigh on the excursion. Are you with us?

FLEET REPORTED AT CADIZ.

Spain's Most Powerful Vessels Assembled at That Port.

SPANIARDS MAD AT ITS RETURN.

Germany Strictly Neutral But Wants Philippines—Japan Wants Part Also—Martial Law in Italy.

Cable to THE TELEGRAM.

London, May 11—The Globe this afternoon publishes a dispatch from Cadiz, dated last Saturday, in which it is said that Pelayo, Victoria, Carlos V, Almirante Oquendo, Vizcaya, Maria Teresa, Cristobal Colon, Alfonso XIII, Pluton, Prosperina, Osado Aulfa, Furor, Terror and several torpedo boats, transports and the steamships, Normania and Columbia, are now at that port. All of the vessels are in complete readiness to sail except the Pelayo. The Globe adds that it believes the Spanish squadron will sail today and that troops will be on their way to the Canaries by the fifteenth. Three battalions of marines now quartered at San Fernando are ready for embarkation. Lieutenant Caldwell, a naval attaché of the American embassy at London, this afternoon says he disbelieves the report that the Cape Verde fleet is at Cadiz.

FURIOUS OVER FLEET'S RETURN.

Madrid, May 11—Rioting was renewed here this morning by the populace who have become furious because of the return to Spain of the Cape Verde fleet without meeting Sampson and giving battle to his fleet.

RIOTS IN ITALY.

Rome, May 11—Serious riots occurred this morning at Como Navara. Pitched battles took place in the streets between the regular troops and mobs. The troops shot indiscriminately into the mob to stop the rioters from building barricades which they had begun. Women aided the mob in fighting and waved socialist flags.

MARTIAL LAW PROCLAIMED.
Rome, May 11—Martial law has been proclaimed at Naples, Florence, Leghorn, Shozia, Messina and Milan.

FRANZ JOSEPH'S VIEWS.

Vienna, May 11—In his speech to the reichsrath today Emperor Franz Joseph said: "We will observe a strict neutrality in the present conflict between the United States and Spain. We hope that the war may soon be finished and some equitable arrangement made. We hope for pacific developments in the far east but face an uncertain situation. The maintenance of a powerful armament will be necessary."

TO BUY PHILIPPINES.

Yokohama, May 11—The Hiji Shimpo, a leading newspaper, advocates the purchase by Japan of a portion of the Philippines.

MOB ON TOP.

London, May 11—A dispatch from Madrid says that the mob there burned an immense grain warehouse this morning despite the guardia civil.

AFTER PHILIPPINES.

There is also a story current here, and it has found its way into the morning newspapers, that Germany will attempt to gain possession of the Philippine islands by guaranteeing to the United States the indemnity that Spain will be compelled to pay when the war is over.

DEWEY RECOGNIZED.

Hong Kong, May 11—General Aguilardo, the insurgent leader, has ordered his followers to recognize Admiral Dewey as the ruler for the Philippines.

A DESTROYER DESTROYED.

London, May 11—It is reported here that a Spanish torpedo boat destroyer has been blown up near Gibraltar. All of the crew on board at the time of the explosion were lost.

SOLDIERS THREATEN TO REVOLT.

Havana, May 11—The city is on the verge of a panic owing to the report from Madrid that no supplies have been sent. The Spanish soldiers are openly threatening to revolt.

Big Order for Ponchos.

Cleveland, Ohio, May 10—The Cleveland Rubber Works has just received a rush order from the United States government to furnish 15,000 ponchos for the volunteer army. The ponchos are light rubber blankets, 72x45 inches, and are adapted to three uses. They can be used as blankets, as capes, or four of them may be laced together and made into a tent.

RALEIGH WAR NEWS.

Reidsville and Oxford Companies to Consolidate.

The Adjutant General says that the Reidsville company and the Oxford company of the Second Regiment are arranging to consolidate, as neither can alone present enough men. He added that the Henderson company, which was trying to get in the regiment, was not likely to do so and that the companies from Murphy and Lenoir, with 100 men each, would be ordered home.

Tonight the physical examination of the 80 men which Raleigh will furnish of the negro battalion was completed. It is expected all the battalion will be at Fort Macon by Friday.

The whole cost of the war to the State will not exceed \$1,000, the Adjutant General says. The cost of the camp is something like \$1,000 a day. The cost of transportation was heavy. Uncle Sam pays for all these things.

The Burlington company of the Second (Holt's) arrived this afternoon. Tomorrow seven more companies will come in and the regiment will be full. Then the surgeons and mustering officers will be as busy as bees. There is a rush of companies to get in. Many are on the reserved list.

The appointment of B. F. Dixon as major of the second gives general pleasure.

A gentleman from Southport says that two 12-inch disappearing guns are to be added to the four 8-inch ones now there.

A COMPARISON.

With no desire to cavil at any man or set of men; certainly with no desire to call politics into a question where politics should find no place; it is still worth while to enquire whether the populist brethren are showing a larger measure of patriotism than the class of men whom they have most denounced. Ever since there has been such a thing as a populist party the members thereof have been wont to employ "Wall Street" as a synonym for all that was despicable and dangerous. Every man whose wealth ran up to six figures was a thief and a traitor to his country and his people. Yet these Wall streeters, railroad magnates and bond holders have come forward with offers of money; have volunteered their services in the field, some of them; have offered to raise and equip regiments at their own expense; have offered a battleship to the nation. What have the populist brethren done? Thus far not one of the eloquent gentlemen so fond of denouncing others has offered to face Spanish bullets so far as has appeared in the press. Governor Leedy, of Kansas, disbanded the militia of that state when war was declared and Governor Leedy is a populist of the inner shrine. Of course some populists of the rank and file have volunteered. But the leaders, the men so bristling with their patriotism in piping times of peace, what of them? If one of the number has offered his services it has been in secret. We believe that a canvas of the men in the ranks would show a smaller number of populists proportionately to the voting strength than of democrats or republicans. It is a time when actions speak. The test is a fair one. The comparison is legitimate. It is very much to be doubted whether sowing populism insures an abundant crop of patriots.

The disturbances in the Philippines are only what everybody expected. Admiral Dewey in refusing to occupy Manila until supplied with a force large enough to preserve order gave another evidence of good judgment. The United States will have to contend with the restraining the insurgents in Cuba and in the Philippines. It is quite within the range of possibilities that we shall have to whip some of those who are now our allies.

The Progressive Farmer of this week does not exactly employ toward Senator Butler the soft word that is so expert in parrying wrath. It intimates that the "Cheerleader" has always been a traitor to his party.

Sampson seems to have a case of "Ships That Pass in the Night" though no extended conversation is carried on during the passing.

In Dewey's case a republic does not seem especially ungrateful.

The action of the Lafayette in abusing the courtesy of the United States by landing cargo against a specific promise not to do so should lead to a stricter enforcement of the blockade. It is said, and not without reason, that she carried powder for General Blanco. The Frenchman's sense of honor would seem to be of the same order as that of his Spanish neighbor.

The impression seems to have gone abroad that the People's party is divided in North Carolina. We see no signs of it at all.—Progressive Farmer.

A case of myopia. Call on the oculist.

And Don Carlos also talked. If Sampson can't find the Spaniards he should send for "some of them ocean grey-hounds" to help him in the hunt.

Mayor Dewey has not yet recommended an ordinance requiring the Philippian ladies to the manner born to remove their hats in the theatres.

Senor Sagasta can testify that heads with crowns on them are not the only ones that liquefy.

General News in a Nutshell.

A nonagenarian citizen of Belfast, Me., has just received permission to remove from the custom house there a desk which he bought and put there for his personal use, over thirty years ago. The desk had been listed on the inventory of office furniture by mistake, and when the collector's term expired he was not allowed to remove it. He has put in an application for it annually since 1868.

Colorado Springs boasts of being the quietest town in the country. No church bells are rung there, and no whistles are blown. A local paper admits that dogs bark at night in Colorado Springs, as they do everywhere else, but it admits that "when they run about they make no noise with their feet in the sandy soil."

The throne room of Spain is described as a magnificent apartment of crimson and gold, with colossal mirrors and a chandelier of rock crystal that is considered the finest example of the kind in the world. Under the gorgeous canopy are two large chairs, handsomely carved and gilded, and upholstered in crimson brocade. Upon these the queen regent and the boy king sit upon occasions of ceremony.

Under the provisions of a new law recently enacted by the municipality of Cleveland, Ohio, which pensions its old and disabled firemen, the second wives and children of such are debarred from enjoying the benefits of pensions upon the death of the original recipients. This legislation was made necessary by the fact that many young girls were marrying widowed pensioned firemen for the sole purpose of receiving the pension after the firemen's death.

Goat's milk, much used in Spain, is very wholesome in warm weather, hence the following Spanish proverb: "March milk is good for yourself; April milk is good for your brother, and May milk is good for your mother-in-law."

A Kansas evangelist has written to President McKinley offering to raise a regiment composed exclusively of church members.

The managers of the telephone company operating the system at Versailles, France, hold that the expression "Hello!" used in response to a call is impolite. The operators have been instructed to ask the subscribers who ring up the central office: "What do you want?"

Spaniards at Manila.

London, May 9.—A despatch to the Chronicle from Hong Kong says that the British residents of Manila have petitioned Admiral Seymour to send further naval support to them. It is anticipated that other vessels will be sent on Wednesday.

The British Consul at Manila is working in harmony with Admiral Dewey, but the British commercial interests desire a force sufficient to keep the natives and Spaniards in check.

Business in Manila is at a complete standstill. The Spaniards are not likely to surrender the city until it is blown to pieces.

None From the South.

Washington, May 10.—There was some discussion by the senate, in executive session, because none of the nominations for state officers in the army sent in by the president yesterday was from the south. Senator Money raised the question when the reference to the nominations was made, and he and Senators Bate, Bacon and Lindsay all commented upon the fact. Their speeches were not in the nature of fault-finding, but the omission they said was patent to all.

NEWSPAPER REPORTERS.

A Defense of Their Fair Mindedness, Reliability and Integrity.

A very common error is prevalent that the work of reporters given in newspapers, as a rule is not entitled to respect or credence. It is generally assumed that the reporter writes chiefly or wholly to make a sensation or in some way interest readers without regard to facts, while just the reverse is the truth in all reputable newspaper establishments.

It is safe to assume that the statements of reporters given in the leading reputable journals of the country are quite as truthful as are the general statements from the pulpit when the minister gets outside of strictly religious teachings, and very much more truthful than are the public expressions of most if not all of the leading professions. With very few exceptions the management of our leading daily newspapers enforce truthfulness and fairness as the supreme attributes for a newspaper writer, and yet it is common for all who are displeased with any reportorial statement to say that "it's a mere newspaper story."

It is true that there are a few conspicuous exceptions to the rule that governs the reputable newspapers of the country.

Not only are the managers of our leading newspapers entitled to great credit for the scrupulous care they give to their reporters and correspondents to present the truth with as exact fairness as is possible, but the public little know the ceaseless care that is exercised in every reputable newspaper office to prevent the publication of even the truth when it would be more harmful to publish than to suppress it. There is not a week, indeed hardly a day, that the newspapers of this city do not suppress the facts proper for public information which would make a most interesting story solely because it would bring a flood of sorrow to the innocent and helpless and cast an imperishable shadow upon their lives. With all the errors necessarily committed in a newspaper office by reason of the haste with which the articles must often be prepared, the public little know what thorough integrity the newspapers, as a rule, protect the innocent even at the cost of suppressing legitimate and interesting information. The skeletons of hundreds of households are carefully guarded in the newspaper offices of the country, and generally without even the knowledge of the people who are thus protected.—Philadelphia Times.

Old Gotrocks (savagely)—What's that? You mean to tell me that you really love my daughter for herself alone?

Young Hardup (tremulously)—Yes, sir; but I think I could learn to love you, too, sir—in a time, sir.—Vanity Fair.

So Tired! So Tired!

Chronic Dyspepsia!

For ten years I had been a severe sufferer from chronic dyspepsia, which was pronounced incurable. I was completely run down, and in the summer season was not able to do anything and spent a great part of the time lying down. I could not touch meat of any kind, or any solid food whatever, as I could not digest it at all and had to live on crackers and light diet. I was very nervous, and had severe fits of sleep, and could not get any natural sleep. I was so restless. I suffered all the time from chronic dysentery, which kept me weakened down. That was my condition when I determined as a last resort to try Mrs. Joe Person's Remedy. I had tried so many treatments and so many patent medicines without benefit that I had no faith in anything and had almost made up my mind not to try another thing, when Mrs. Person came to my house last April and induced me to try her Remedy. I bought a dozen bottles. I felt no relief whatever until I was on the fourth bottle, when I knew I was getting better. I became stronger, got so I could sleep well and there was no necessity for me to lie down in the day time. I took twenty-two bottles before I stopped. My digestion is now perfect, and I can eat meat, vegetables, and anything else I want, and as much as I want. When I commenced the Remedy I weighed 98 pounds, now I weigh 115 pounds. Dysentery perfectly cured, and it is all owing to Mrs. Joe Person's Remedy. It is everything I claimed for it.

The Song of the Cannon.

When the diplomats cease from their capers,
Their red-tape requests and replies,
Their shuttlecock battle of papers,
Their saccharine parley of lies;
When the plenipotentiary wrangle
Is tied in a chaos of knots,
And becomes an unwindable tangle
Of verbals unmarried to thoughts;
When they've anguished and argued
Profundly,
Assorted, assumed, and averred,
Then I end up the dialogue roundly.
With my monosyllabic word.

Not mine is a speech academie,
No lexicon lingo is mine,
And in politic parley, polemic,
I was never created to shine.
But I speak with some show of deci-
sion,
And I never attempt to be bland,
I hurl my one word with precision,
My hearers—they all understand.
It requires no labored translation,
Its pith and its import to glean;
They gather its signification,
They know at the first what I mean.

The codes of the learned legations,
Of form and of rule and of decree,
The etiquette books of the nations—
They were never intended for me.
When your case is talked into confu-
sion,
Then hush you, my diplomat friend,
Give me just a word in conclusion,
Let me bring the dispute to an end,
Ye diplomats, cease to aspire
A case that's appealed to debate,
It has gone to a court that is higher.
And I'm the Attorney for Fate.

Spaniards Off Our Coast?

Beaufort, May 10—There is much
excitement here over the probability
of Spanish warships being in this im-
mediate latitude; there are fears en-
tertained, as well, on account of the
unprotected condition of this harbor,
and others along the Atlantic coast.

Capt. Allen Mason, of the schooner
Alert, and many others of the ocean
fleet of the Menhaden Fishermen, of
this place, report heavy cannonading
off Cape Lookout today at 10 o'clock.
They counted forty-seven distinct
shots.

Much excitement and alarm is felt
here as our harbor has no protection
whatever.

On Common Ground.

"There's lots of ginger in 'Yankee
Doodle' when the band turns loose on
it," said the grim old Confederate vet.
"You bet!" exclaimed the equally
grim old vet of the north, "and that
tune of 'Dixie' allus makes me feel
like a two year-old."

Then they sat down and began to
discuss the best way of taking Ha-
vana.—Detroit Free Press.

Camp Grimes!

To cheer out brave North Carolina boys who have so heroically left home and friends in answer to the country's call.

The undersigned will run a Specially Chartered

Excursion Train
From Greensboro to Raleigh and Return
On Saturday, May 14th, 1898
Via C. F. & Y. V. and S. A. L.—New Route to the Capital City

No such an opportunity has ever been afforded this generation. It will be an inspiring sight to see the White City of Tents and the long lines of our soldier boys with their shining accoutrements and glistening bayonets, keeping step to Martial Music. They will leave Camp Grimes soon to meet the treacherous Spaniards in battle. Before they do so let every one avail himself of this opportunity to encourage them by his presence and bid them "God Speed" in their glorious sacrifice for a down-trodden people. You may have a brother or friend in camp. If so, do not miss this opportunity of bidding him goodbye, perhaps for the last time on earth.

This train will not leave Greensboro until after trains from Danville, Winston and Burlington arrive. SAMPSON CALLED BACK.

The Cape Verde Fleet Has Returned to Cadiz.

Washington, May 11—2 a. m.—It is now authoritatively asserted that Sampson's fleet had not gone to attack San Juan, but merely to meet the enemy's fleet.

Naval strategists believe that no advantage would be gained by blockading Porto Rico, and Sampson will probably now be ordered back to Cuba to co-operate with the army.

When the army appears behind Havana there will be a combined attack by the sea and land forces of the United States on the capital of Cuba.

Official information has been received that four Spanish cruisers and three torpedo-boat destroyers have returned to Cadiz.

The vessels are believed to be those which sailed from Cape Verde April 29th, presumably for Porto Rico or South America.

Their arrival at Cadiz upsets all the recent calculations of the Naval Strategy Board, and changes the plans of the military and naval campaign.

NOT CONFIRMED.

London, May 11—There is no confirmation of the report that the Spanish fleet from the Cape Verde Islands has returned to Cadiz, but it is generally regarded as the most likely movement to be made, and as an indication that Spain has decided to let her West Indian possessions go. It is generally asked, what possible use has Spain for continuing a hopeless struggle, as it is considered next to impossible that she has any alternative plan, or that the retreat of the squadron hides some strategic scheme.

To Defend the Philippines.

Madrid, May 10—General Augusti, the governor of the Philippines, has awakened public spirit in favor of the mother country by appealing to the people not to abandon Spain or him.

It is announced that he intends to reconquer Cavite. At a cabinet council today the ministers of war and marine submitted plans for fitting out an expedition to the Philippines. The scheme was approved, but the details are kept secret.

It is announced, however, that the expedition will be a strong one, consisting of military and naval forces. It will leave as soon as possible.

The government declares that as soon as cable communication is restored with Manila this action of the cabinet will be transmitted to General Augusti, and he will be recommended to defend the sovereignty of Spain at all cost.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents and \$1.00 per bottle at C. E. Holton's drug store.

The Hardware News.

PUBLISHED BY ODELL HARDWARE CO.

EDITORIAL.

We have had the cool wet spell in May. We may now expect the summer season to begin shortly, and to continue without interruption.

We do not think there is any reason for dreading the warm weather. There are a great many enjoyments peculiar to the spring and summer, without which life would be exceedingly monotonous. Picnics will soon be on hand.

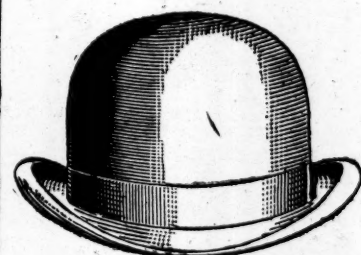

By the way, have you secured a BICYCLE? The roads will soon be in fine condition for riding. Comfort, pleasure and health demand that you take advantage of the low prices which we are now offering, and supply yourself with a wheel. The Crawford has made a record of which any wheel might well be proud. The price is exceedingly low.

If you wish an Ice Cream Freezer, a refrigerator, or any other summer specialties, do not forget that we are Headquarters.

ADVERTISEMENTS.

The above picture is very suggestive. What is more pleasant on the evening of a warm day, than to spray your grass and flowers: and if you should accidentally get the hose turned in the wrong direction, the victim will not suffer so keenly as this would indicate.
